### For Summer Outings.

The DAILY WOLF will be sent to persons going out of town for any period of time and changed as often as desired at 15 cents per week, postage paid.

The Governor and Council will meet (next Monday) at the State House.

The Walpole and Bangor high school football team will play this day on September 1st.

Mr. F. L. Shaw, of Shaw's Business College, Portland, was in the city yesterday on a way home from a trip to Aroostook county.

The eighth annual reunion of Co. B, 30th Maine Regiment, will be held at Camp Benson, Newport, on August 21st, beginning at 10 A. M.

The fourth Horse Retreat party from the Universalist church left yesterday for Sandy Point to stay the usual length of time. Those who have been there this summer have enjoyed themselves very much.

Algonquin lodge, Knights of Pythias, of Houlton, and an excursion party day over the Bangor and Aroostook railroad to Fort Fairbanks. Extensive arrangements for the trip had been made and a parade, picnic dinner, etc., were the features of the programme of the day.

Maine's historian, Rufus H. Sewall, of Wiscasset, in his latest work, just published, gives an interesting chapter upon the writings of the Maine coast. He reaches the conclusion that the old legends and traditions of the Maine coast are of great value to the student of the history of the Maine coast.

Friday forenoon a boy named Samuel Moriarty, living on Spring street, was playing with a rifle in the cooper shop belonging to his father, on Franklin street and while trying to extract a cartridge from the breech of the weapon the powder exploded, burning the boy's face and eyes badly. A physician was called to attend him and he was soon taken home.

The Apollo quartette will go to Esplanade this afternoon and assist in the concert at the hotel this evening and tomorrow. They will undoubtedly add greatly to the already unusually fine musical attractions at that popular resort. A party of New York people arrived there this week and they have added much to the pleasure, being very charming people.

Who can doubt that advertising pays when deftly handled as seen on every hand. The goods and prices at the Esplanade attract the people. A large number of people are attracted to the Esplanade and it is well known that the Esplanade is the best place to advertise.

## BASE BALL.

### Notes of the Great National Game.

### The Bangor Base Ball Association at Maplewood Park.

The benefit game of ball for the Bangor Base Ball Association at Maplewood Park between the professional and business men will be played Tuesday night of Monday, as originally planned. Tickets are selling well and everybody will want to attend. It will be the greatest game of the summer in one sense of the word.

New Bedford disciplined Friend and he has come back into the game recuperated. After a New England League season ended Eric Sullivan of the Portlands will join the Philadelphia's.

A meeting of the managers of the Maine New England Base Ball Association will shortly be held to make arrangements for the series of games for the championship of Maine.

There have been 27 shut out games in the league this season. Louisville and Washington have been shut out four times, Cleveland, Chicago and St. Louis three each, Brooklyn, Cincinnati and New York two each, and Baltimore, Pittsburgh, Boston and Philadelphia one each. The pitchers who have pitched these games are: Hawley four, Raulo four, Lucey, Young and Richardson two each, Taylor, Clarke, Kennedy, Wallace, Hoer, Dolan, Cunningham, Nichols, and McMahon one each.

The friends of Charles F. King the young ball player who, while a member of the Bangor team, had both of his legs broken at the knee in a game against the Pawtucket, on the last of last June, by a collision with another player, to give him a benefit on the Brooklyn grounds Saturday, August 24, at which two games will be played, one between the Randolphs and Institute of Waymouth, and the other between the Quinceys and Whitmans. The young man is still confined to his bed, and the doctor says it will be at least six months before he can throw away his crutches.

Mr. King is a very popular among his friends and acquaintances and his injury was the cause of universal regret. It was his first year in professional ranks, and at the time he was hurt he was playing great ball. The people of Augusta have a respect for him and the Augusta players have contributed liberally, but the club itself has not done anything in the line of playing a benefit game. Tickets for the games on the 24th are selling rapidly and if good weather prevails a goodly sum will be realized.

The Bangors did not begin the series of games away by winning. But the games lost are all decided. The Bangors should win four of the eight games away and that ought to settle the Queen City cranks. -*Frederick Smith.*
